Q: Does DISCO support video as well as audio?

Yes! DISCO supports video as well as audio, both inside the app:

And on the public playlist pages you send out:

2	More formats and options Committeed Save to DISCO			00		
Goeh		08.63	0	Download MP3	× .

You can upload videos like you upload any other file to DISCO--by dragging and dropping them into the Playlist Creator column at the right of the app.

Note: We do not currently support videos encoded in H.265 (also known as HEVC).
