Duplicating Playlists

1. Open the **Playlist menu (⋮)** and select **Duplicate playlist**.

2. The duplicate copy will open in the Playlist Creator, with “copy” added to the title in parenthesis.

3. *Optional:* Make any edits to your new Playlist.

4. Click the **Save** button in the Playlist Creator.
5. In the **Save Playlist** menu, click the **Save Playlist** button.

Alternative options

If you just want to copy the Tracks from the original Playlist to a new Playlist, and you don't need to maintain its original settings, you can drag and drop the original Playlist into the Playlist Creator.

This will create a new Untitled Playlist with all the same Tracks.
