

# Copying Track Info between Tracks

Last Modified on 03/07/2025 3:14 pm PST

You can easily transfer Track information from one Track to another using the **Copy Track info** option.

## At a glance

This comes in handy when you want to save time on entering metadata, and more specifically for:

- Copying from the main version of a track to alternate versions such as instrumentals, clean versions, or shortened versions
- Copying track information to a new iteration of a track such as from a demo to a first mix to a final master

## Copy track info between tracks

Save time on metadata entry by copying track info between your tracks. [Find out more.](#)

From

To

Q Search for a track to copy track info from

→ Q Search for a track to copy track info to

Search for tracks or drag tracks from the right column.

Search for tracks or drag tracks from the left column.

Cancel Copy track info

## Accessing the Copy track info option

There are three ways to access this:

- from the **Track Menu ( : )**
- when editing **Track Information**
- from the **Actions Menu (…)** when [multiple Tracks are selected](#)

### From the Track Menu ( : )

1. Open the **Track Menu ( : )** and select **Copy track info**.
2. Select either **To this track** or **From this track**.

## When editing Track Information

1. Open the **Track Menu ( : )** and select **Edit track information**.

2. From the **Metadata** tab, click the arrow next to the **Copy track info** button.
3. Select an option: **Copy track info to this track** or **Copy track info from this track**.

## From the Actions Menu (⋮) when multiple Tracks are selected

1. Go to **Browse > Tracks**.
2. [Use multi-select to select multiple Tracks](#).
3. Open the **Actions Menu (⋮)** at the bottom of the screen and select **Copy track info to these tracks**.

## Copying Track info between Tracks

From the **Copy track info between tracks window**, select the Tracks to copy Track info to or from using the search boxes.

When you've decided on the fields, click the **Copy to track** button.

A **Warning** message will appear if you are going to overwrite any existing metadata fields. If you're sure, click the **Proceed** button.

### **Warning**

You're about to overwrite some existing metadata fields on the following tracks:

- Butterflies (6 fields overwritten)

This can't be undone. Are you sure you want to proceed?

## Overwriting metadata fields

When you copy info between Tracks, some metadata fields will be overwritten, and other fields will preserve their data, and the information copied will be added. Below is an overview of each field and what will happen when you copy Track info over:

Field Name	Overwritten or Added?	Notes / Example
------------	-----------------------	-----------------

Field Name	Overwritten or Added?	Notes / Example
Metadata	Overwritten	Artist name in the <b>From</b> Track: Harry Potter Artist name in the <b>To</b> Track: Dumbledore Final Artist name after copying: Harry Potter
Writers	Overwritten	Writers are copied as one unit (not individual Writers) from the <b>From</b> Track and will overwrite any Writers in the <b>To</b> track when the copying is completed.
Lyrics	Overwritten	Lyrics are treated as one unit and will overwrite any lyrics on the <b>To</b> track.
Notes	Added	Notes can be added without overwriting.
Tags	Added	Tags can be added without overwriting.
Custom fields	Overwritten	

## Undo copying Track info

**Important:** This can only be done within 10 seconds after completing the copy action.

After the Track info is copied, a confirmation message will appear in the bottom-left of your DISCO. Click **Undo** to revert the Track information back to what it was prior to copying.

## Preview how your metadata will appear after downloading

1. Open the **Track Menu ( : )** and select **Edit track information**.
2. From the **Metadata** tab, click the arrow next to the **Copy track info** button.

3. Select **Preview track info**.
4. Two tabs (**Will write** and **Won't write**) show which track information will and won't be written to the track once it is downloaded. Select the **Will write** tab.
